

International Open House and Language Seminar

COLUMBUS - May 13, 2009

Local networking group, Like Minded Moms, is hosting a family-fun event for our featured member, Sheri Watkins, Local Childcare Coordinator for Cultural Au Pair

For 20 years, [Cultural Care Au Pair](#) has offered families a unique combination of childcare and cultural exchange. Parents enjoy flexible, live-in childcare assistance while children benefit from a one-to-one relationship with a nurturing companion. The entire family gets to learn about another country's customs and traditions for a year.

You are invited to attend our International Open House & Language Seminar to learn more about our program and to meet some of the young women in this community who have traveled from all over the world to provide childcare for local families. A native speaker of French, Spanish, German, Portuguese and Thai will teach basic words such as: "Hello," "Good-bye," and "My name is." They will also help the children count from 1 to 10 in their native language and teach a folk song or do a craft, if time allows.

Your family can meet Local Childcare Coordinator, Sheri Watkins who services host families and au pairs here in the Columbus area. Snacks and beverages will be served.

The event is from 2:00 - 4:00 PM and will be held at [The Wellness Community](#) in Powell. For more information, contact [Like Minded Moms](#), 614.961.8003
